Myers Warranty Change

Effective June 1st, 2008, Myers Residential Sump, Sewage & Effluent products will carry an extended limited warranty of **2Years** from date of manufacture! The effective product series are listed below. Please note that accessories, repair parts and certain pumps are eliminated from this extended warranty.

Owner's manuals and other literature may continue to state the old warranty information until running changes and new printed materials are available. This new warranty policy will be valid on effective products with date codes of June 1, 2008 or later.
